Training Programs

The focus of Clark County Chamber of Commerce is to improve business opportunities and growth in Clark County. In addition to programs for current businesses, your Chamber has organized an annual Scholastic Golf Classic to support the education of future business leaders. This event raises funds to award annual scholarships to Clark County high school seniors who plan to pursue higher education in Clark County. Without a doubt, maintaining a quality education here is important for both Clark County residents and businesses alike.

We see this as a tremendous benefit to the area, largely due to the current trend in which businesses have been gravitating towards counties possessing a steady stream of college graduates. Having highly educated and skilled individuals here means more high-paying career positions available at the local level, and we are all for that type of growth in Clark County – “smart growth”.

Participants in the event, whether ‘Playing For A Purpose’ or aiding with sponsorship assistance, will be forever partners in these young people’s lives, and in the advancement of the Clark County community as a whole. It is our vision that the scholarship fund – together with your dedicated efforts – will be a positive step towards solidifying the strength of this “smart growth” chain.

As if this is not reason enough to participate, you will also receive visibility for your sponsorship throughout the tournament. Additionally, you get to play on the beautiful Camas Meadows Golf Club, 4105 NW Camas Meadows Drive, Camas on Wednesday, May 21, 2008 [8:00 a.m. Shotgun]. Oh yes, there will be many great prizes, including a \$1,000,000 and \$100,000 Hole-In-One contests.

We are pleased to invite you to take part in this tournament, and look forward to speaking with you more about it soon. Visit the following link for details and forms:
